Above is the meter reading schedule for 2011. The date of the month your meter will be read is determined by the first two digits of your account number. For example, accounts beginning with "03" will be read on January 5th and February 3rd; accounts beginning with "11" are read on January 24th and February 22nd.

This is the planned schedule for meter reads. However, unforeseen emergencies may require changes in the schedule. We hope any changes in the read dates will be minimal.
