

**SECTION 01625  
PRODUCT DELIVERY, STORAGE AND PROTECTION**

**PART 1 - GENERAL**

**1.01 GENERAL**

The requirements specified in the Conditions of the Contract form a part of this Section.

**1.02 DESCRIPTION.**

To ensure that the specified products and materials are furnished and installed in accordance with the design intent and appearance matching submitted samples, the Contractor shall be responsible for delivery, storage and protection of materials and products as recommended by the manufacturers, related trade associations and these Specifications.

**1.03 PRODUCT DELIVERY.**

A. Deliver products in manufacturer's original sealed containers with labels legible and intact, identifying brand name, pattern, size, thickness and fire rating as applicable.

B. Materials shall be delivered in containers or on pallets and in a manner to avoid physical or appearance damage.

C. Use extreme care in the off loading to prevent damage, splitting and breakage of materials.

D. Remove items delivered in broken, damaged, rusted or unlabeled condition from the project site immediately.

**1.04 STORAGE.**

Store products in original protective packaging off the ground, under protective waterproof cover, protecting materials from damage, water spotting or penetration.

**1.05 PROTECTION.**

Use all means necessary to protect materials and products before, during and after installation, and to protect the installed products and materials of all other trades.

**1.06 REPLACEMENTS.**

In the event of damage, immediately make all necessary repairs and replacements as deemed acceptable to the Owner, at no additional cost.
